A survey for the Amazon Neighbors, Spring/Summer 2007:

The following list came from recent discussions at meetings of Amazon Neighbors—feel free to add any issues that you care about!

1. Vote for the specific issues that concern you: Put **ten check marks** on the lines in front of the issues listed here. If especially important to you, put more than one checkmark by the issue (please limit yourself to ten “votes” overall).

2. Identify your biggest general concern—put an “X” in the box next to the **one** category of issues (underlined).

Planning policies and code regarding density and infill

- ____ City densification policies overall—improve, make more thoughtful
- ____ Densification policies that accommodate neighborhood visions
